

^Chicago ICE field office director Sam Olson

^Chicago ICE assistant field office director Frank Padula

Except for Olson and Padula, all these pictures of ICE / ICE-adjacent fed agents were taken in June and July 2025 at one of the following locations: 55 E Monroe, 101 W Ida B Wells Drive, 2245 S Michigan Ave, 1930 Beach St (Broadview).

CHICAGOANS: A BIGGER PRESENCE AT ICE HOTSPOTS IS NEEDED! Focus on the Ida and Monroe parking lots weekdays 9am to 4pm. Photograph pigs' faces and plates. Block kidnapping vans or tail ICE agents' vehicles when they leave the lot. Figure out what hotels they stay at so we can make Chicago's new motto NO SLEEP FOR GESTAPO
